

John L. Aman

Aman Named Water Patrol Deputy

On April 23, 1971, John L. Aman, 52, retired chief of police of Northfield, was sworn in as a deputy sheriff of Lake County to work with the water patrol in the Chain of Lakes area.

Aman was chief of police of Northfield for 20 years and now resides on Petite Lake, Antioch Township, and is the president of the Blunt-Beachwood Subdivision.

Prior to Aman's appointment as chief of police of Northfield, in 1949, he served with the United States Army for seven years as a criminal investigator.

Aman is a graduate of the Illinois Police Academy and is a member of the Lake County Chiefs of Police, the State of Illinois Chiefs of Police, and the International Chiefs of Police.

Residents Urged To Aid Girl Scouts

Girl Scouting cares for the kind of girls in our society and nation, and the kind of young women we will have in the future.

The Girl Scout Council serving the Antioch area receives its funds from two primary sources. One is from the United Community Services of Lake County, and the other is through Girl Scout Cookie Sales.

The girls have been hard at work raising their share of support.

Clean-Up Week Begins Monday

Antioch will hold its annual clean-up week, starting May 3 through 10 inclusive.

Supt. Charles Mapleshorpe said this is the opportunity to rid their households of unwanted items now being stored in the basement or back yard.

"Just put them at curbside, and we'll pick them up," said Mapleshorpe.

He recommended that newspapers and magazines be bundled and secured with heavy twine.

Dispatch Service Opens May 1

Another progressive step begins Saturday when the 24-hour dispatch service begins operation in Antioch.

It will serve the Antioch Police Department, Antioch Fire District and the Lake Villa Police Department and Lake Villa Rescue Squad.

The dispatch service will be available to the Antioch Rescue Squad during the daylight hours, but will be handled by the Antioch Answering Service after 4 p.m.

The board approved a contract with the Village of Lake Villa for participating in the service at a yearly cost of \$3,680.

It also provides that Antioch will provide Lake Villa with lockup service, if available, a \$5 fee for a breathalyzer test. The agreement is effective May 1.

The Lake Villa Rescue Squad will pay the village \$1,600 for use of the service and the Antioch Fire District will be charged \$1,200 for the 24-hour dispatching service.

The board also hired three dispatchers to handle incoming calls and transmission of messages to police squad cars and other emergency vehicles serviced under the contract.

Clean-Up Of Business Area Urged

Trustee Robert Wilton has been appointed to discuss with the Antioch Chamber of Commerce housecleaning habits of some of its merchant members.

Trustee George Bartlett pointed out that there was a lot of debris and litter in the commercial area which he said was unsightly and should be cleaned up.

"They have containers for loose cartons and paper, but they fail to seal them with lids," Bartlett said. "As a result, a lot of the litter stays in the commercial areas."

Trustee Vern Barnstable said the rear of the shopping plaza could also be cleaned up.

"I don't want the merchants to feel that I am trying to penalize them," said Bartlett, "but perhaps something can be done to clean up the business area."

He noted that the Ben Franklin Store has a container that apparently is operated from the inside and is used for litter and paper which can be compacted.

Little League Tryouts Is Saturday

Saturday is tryout day for Little League on the Little League Field. Nine and 10-year olds will meet at the diamond at 9 a.m. and the 11 and 12-year-olds will meet at the diamond at 1 p.m. Prospective players should bring their gloves.

Voters Defeat Proposed School Tax Hike 8-1

A proposed increase in the educational tax rate was decisively beaten Saturday by Antioch High School District voters.

The issue, which called for a hike in the educational tax from 92 cents to \$1.33 per \$100 of assessed valuation, was beaten 1,680 to 214—a margin of 8 to 1.

Voting at the three polling sites went like this:

Antioch High School, 1278 to 164; 194 to 21 at Lake Villa Central School, and 208 to 29 at B. J. Hooper School, Lake Villa.

Supt. Albert Dittman said no united move was made by the board in support of the referendum.

"We merely put the facts before the voters," he said, "and hoped they would recognize the need and approve the proposed hike."

The superintendent said there was no organized opposition. "The people just poured out and registered a protest vote," he noted.

The district has been operating on the same tax rate since 1958 and is currently facing a \$250,000 deficit.

Money raised would have gone for increased teachers' salaries, teaching equipment and supplies.

The turnout was one of the heaviest in the district's history.

For the first time in 16 years, the Antioch High School board of education is in the red and will need to sell \$250,000 in tax anticipation warrants.

"It does not mean all will be issued at the same time," Dittman said. "We'll sell them in \$50,000 lots as needed."

A special meeting of the board will be held May 3 to review the proposed 1971-72 budget, current.

Mayor Robert Sabonian of Waukegan, left, and Dr. William C. Petty exchange greetings at the recognition dinner for Dr. Petty at the Illinois Beach State Park Lodge, Zion. Looking on are Dr. Petty's grandchildren, Elizabeth and Sarah Petty, daughters of Dr. David Petty.

500 Honor Petty At Recognition Dinner

William C. Petty of Antioch was honored for his two generations of service to improve the quality of public education in Lake County.

Dr. Petty, the dean of county school superintendents in Illinois, was praised in letters and telegrams that came to Petty from both public and private school circles, and from both Republicans and Democrats.

One of them came from President Richard Nixon who said that his four decades of service

"have earned you the lasting gratitude of your fellow citizens."

Another came from John Cardinal Cody, the archbishop of Chicago, who cited the "outstanding quality of educational leadership in Lake County."

More than 500 persons crowded the Illinois Beach State Park, between Waukegan and Zion, to pay tribute to Dr. Petty.

And they also honored his wife, Lillie, also an educator, and their three sons and their families, all of them on hand. One of the sons, Frank, gave his mother a bouquet of red roses.

Among those sending messages of commendation were Gov. Richard B. Ogilvie, State Supt. of Public Instruction Michael J. Bakalis, U. S. Senators Charles

H. Percy, R-Ill., and Adlai E. Stevenson, D-Ill.

Bishop William E. McManus of Chicago, member of the President's Commission on School Finance, and Dr. Eugene Hotchkiss, III, president of Lake Forest College, also sent congratulatory messages.

At Lake Forest College, Dr. Petty received an honorary doctorate on humane letters.

Richard F. Kennedy of Waukegan was master of ceremonies. Introduced by William Thompson, Fox Lake grade school superintendent and former associate of Dr. Petty, were three Petty sons, Frank of Los Angeles, William,

Former Cop Gets Permit

A former Waukegan policeman has been granted a tavern license in Antioch.

He is Bruce Fratus, who was one of 56 policemen fired by the Waukegan Civil Service Commission when they went on strike last July.

Fratus' permit has been approved subject to confirmation of his residency at 911 Main St., where he'll operate the former Mr. Ed's Tavern as Bruce and Kay's.

Two other former Waukegan policemen, John Malloy and Pat Quilly operate the Limerick Lounge, formerly The Office, on Broadway Street.

Class B permits were issued the Atlantic and Pacific Tea Co.; Buy Low Liquors, and Antioch Liquor Mart (Foremost).

Pay Less Super Mart and Jewel Tea Co. were given Class G Permits (Beer); Class AA permits were given Limerick Lounge, Village Pub and Smiley's Corner.

A club license was issued to the Moose Lodge.

A Chicago liquor firm expressed interest in opening an outlet in the former Ben Franklin Store on Lake Street, but the committee was unable to recommend a permit because the quota for package liquor stores has been reached under the existing ordinance. The ordinance allows one permit for 800 population.

Antioch AFS Chapter Taps New Officers

A new slate of officers has been elected to the Antioch American Field Service adult chapter.

Working to give a foreign student an opportunity to live and study in the Antioch High School district in the 1971-72 school year will be Mrs. Jean Irving as president, and Harold Springer as vice president. Former A.F.S. vice-president, Mrs. Ricky Apostol, will carry out the duties of secretary.

Mrs. Carol Mapleshorpe, Mrs. Doris Surrock and Lucien MacLean will continue as treasurer, liaison and student adviser, respectively.

Before a foreign student can be acquired under the American Field Service scholarship program, a host home must be found. Richard Richey will be the head of the home selection committee, assisted by Mrs. Shirley Tepper and Mrs. Irving. Shirley Jensen will handle the publicity.

When the foreign student arrives, the host family and the

Students Plan Night Of Laughs

The seventh and eighth graders of Emmons Grade School, Rte. 59, Antioch, will present an evening of laughter April 30, at 7 p.m.

"Abner Crane From Hayseed Lane," the eighth grade play, is a hill-billy melodrama. There are villain, heroine, and hero, as usual, but they don't have shoes or much "book learnin'."

The cast includes Gayle Bolton,

Kindergarten Registration Is May 3-7

Kindergarten registration for the 1971-72 school term will be May 3 through 7 at the Antioch Grade School, 817 N. Main St., Oakland Grade School, Grass Lake and Deep Lake Road, and the Channel Lake Grade School, Lake Avenue off Rte. 173.

All children who will be five years old by Dec. 1, 1971, are eligible for kindergarten.

A birth certificate, hospital birth record or baptismal certificate must be presented at the time of registration.

A \$10 fee will be charged for each child registered, according to Supt. Henry C. Meyer. This fee includes the cost of daily milk, cookies for the year, and a group picture.

Registration hours will be 9 a.m. to 1 p.m. Monday through Friday.

St. Peter's Elect 3 To School Board

Three persons were elected for three year terms to St. Peter's Board of Education at the election held Sunday.

They are Mrs. Bernard Gutowski, Dr. John Boarini, and Paul Eckert.

The Rev. Alfred Henderson expressed his appreciation to the large number of parishioners—290—who voted in the election, and the candidates.

Toft Praises Retiring Trustees

Village Mayor Raymond Toft paid tribute Monday to two trustees in recognition of their service as trustees for four years. They are Richard Radke and Richard O. Burnette, who were beaten in the April 20 election.

Radke was defeated by four votes. Burnette's loss was by more than 40 votes.

Walsh's All Seasons Grand Opening Friday

It's coming Friday — grand opening of Walsh's All Seasons at 384 Lake St., Antioch.

The smart store, formerly Gibbs and Jenson Sporting Goods, has been remodeled and a new name given to identify the firm.

The owners are Don and Diane Walsh, two of Antioch's young merchants.

A spectacular grand opening is planned for Friday and Saturday by the Walshs.

Larry Lujack, WLS disc jockey, who has a large teen-age and adult following, is coming Friday April 30 from 7 to 9 p.m.

On Saturday Johnny Morris,

former Chicago Bear end and now a television commentator for WMAQ-TV, will be at the store from 1 to 3 p.m.

The Walshs are members of well-known families in the Antioch area. Don, 23, met Diane while both were students at Dominican College, Racine. They were married in April 1970.

Don's parents are Mr. and Mrs. Frank Walsh Sr. His mother is a teacher at Grass Lake School and his father is superintendent of Lake County Home Builders.

His uncle, J. Irving Walsh, is a village trustee and manager of the Antioch Lumber Co.

Another uncle, James, is district

manager of the Metropolitan Life Insurance Co.

His grandmother, Mrs. Elizabeth Walsh continues to work 40-hours a week at the Antioch Restaurant.

Don is a former teacher, having taught science for a year at Emmons Grade School. He was in the U.S. Marine Corps.

Don and Diane assumed ownership of the shop in January.

A wide variety of sports clothing for all occasions, for both men and women. The Sports shop, featuring sporting goods and equipment, was opened on the new lower level.

The annual Suraya Brook Spanish Scholarship Fiesta will be held in the Antioch High School cafeteria at 6:30 p.m. May 5. Members of the Spanish club shown left to right are Pat Runyard, Linda Lagerstrom, Edward Krupo, Krista Barlow, and Ver Bacwyn.

A United Front

The village election is over. The people have elected two new trustees for four year terms. Any differences that existed before the April 20 election should be forgotten and all the energy directed toward the promotion and development of the Village of Antioch. It would be to the advantage of the residents and taxpayers that the trustees establish a united front with the goal of improving services, bringing in more industry and business to increase the tax base, and practicing economy wherever possible because the taxpayer already is carrying a heavy load. We believe the persons defeated were qualified to hold public office, but only four could be chosen—one of them for an unexpired two-year term.

The two newly elected will need help and support of the taxpayers and experienced trustees and appointed officials of the village. By giving the newly-elected your help and support, you are helping yourself and your community. Won't you try?

Panic Stop

You've heard it! There's an agonizing screech as a foot slams hard on the brake pedal. Then a second or two of suspense which may or may not be followed by a horrendous crash and the clattering of broken glass on the pavement. You've seen it! There are those long black marks where tortured tires have left some of their tread on the road. It's a panic stop! Don't let anybody tell you that panic stops happen because an emergency situation pops up suddenly and unexpectedly and there's nothing for the driver to do but hit the brakes fast and hard. When you hear this you can figure that one of two things happened, suggests the Lake County Safety Commission. Either the driver was riding right on the tail of the vehicle in front of him and not paying much attention to that vehicle or the one in front of it, or he delayed braking although he may have seen a potentially hazardous situation developing ahead (car approaching on a side road, children playing near the street, etc.). These are the mistakes that create panic stops says the Commission. These also are the mistakes that smart drivers are never guilty of. You can be sure of one thing—smart and skillful drivers don't make panic stops—ever!

HAPPY BIRTHDAY

Many birthdays to celebrate at the Jahnke home last Sunday. Five members of their family have birthdays coming up so the entire family celebrated at one time with a delicious turkey dinner and all the trimmings.

Another joint birthday celebration was observed Sunday at Gail and Jim Sieben's home in Lindenhurst. Their son Danny and Gail's brother Tom were the birthday boys.

500 Honor Petty...

an Antioch real estate man and David, a doctor in Shawanao, Wis.

Cong. McClary said: "I have met a great many people in the course of my political and public life—and many times I have remarked that I'll stack my 'political friends' against anyone's 'personal friends' and show them friendships that are deeper and more enduring than any other friendships which exist.

"The proof of this view was never exemplified more accurately than in my friendship with Bill and Lillie Petty. From the standpoint of devotion, from the standpoint of loyalty, from the standpoint of sincerity and candor—indeed from every standpoint by which a friendship may be measured—Bill Petty (and I should add Lillie Petty as well) are the solid stuff from which abiding and lasting friendships are made.

"Bill Petty has been faithful not only to his friends but to his profession of education, to the school teachers, the school administrators, and most specifically to the school children whose interests he has served for more than four decades. In this record of service he has been, above all, faithful to the voters who elected him—and to the citizens whom he has served.

"I have never been prouder to honor a man in the Congressional Record—and I have never found a greater willingness on the part of the White House to pay tribute to an Illinois citizen than in the case of Bill Petty. Accordingly, in behalf of all of the public officials who are joined here, together to honor their Dean, in my own behalf, and as the representative of the President himself, I am privileged to present this montage of a recent issue of the Congressional Record and to present a communication from the President of the United States in recognition of Bill Petty's distinguished and long and honorable service.

"Doctor Petty and your lovely Lillie, we congratulate you—and we salute you!"

The executive committee for the recognition dinner were James G. Flood, chairman; Arsen Denoyer, Kennedy, Jerry Klebe, Thompson, and LaVerne Wood.

The honor committee was comprised of William E. Brook, Dr. Richard E. Erzen, A. J. Katzenmaier, the Rev. Msgr. Harry Koenig, Dr. James Kopriva, Rev. Carl Q. Lee, Irl H. Marshall, Bishop McManus, Mrs. Jeanette Mullen, Mrs. Mary Pappas, Dr. Edwin C. Reichert, Edmund F. Vos, Richard Warfield, and H. L. Wesner.

Board member Dr. Albert Bucar has urged a 10 per cent reduction in department operations. He urged that all departments submit their budgets for immediate review.

The high school will continue its cooperative vocational program with Waukegan and Grayslake High Schools in the 1971-72 term, according to Dittman.

The program is small in terms of the current budget, Dittman reported. "If we had a similar program at Antioch, it would be much more expensive because we don't have the equipment available as the other high schools," he said.

He pointed out the five-year-old program has been effective in cutting down the dropout rate and provided preliminary training in power mechanics, electronics, and data mechanics.

It has been pointed out that the program is helpful to students who do not plan to go to college.

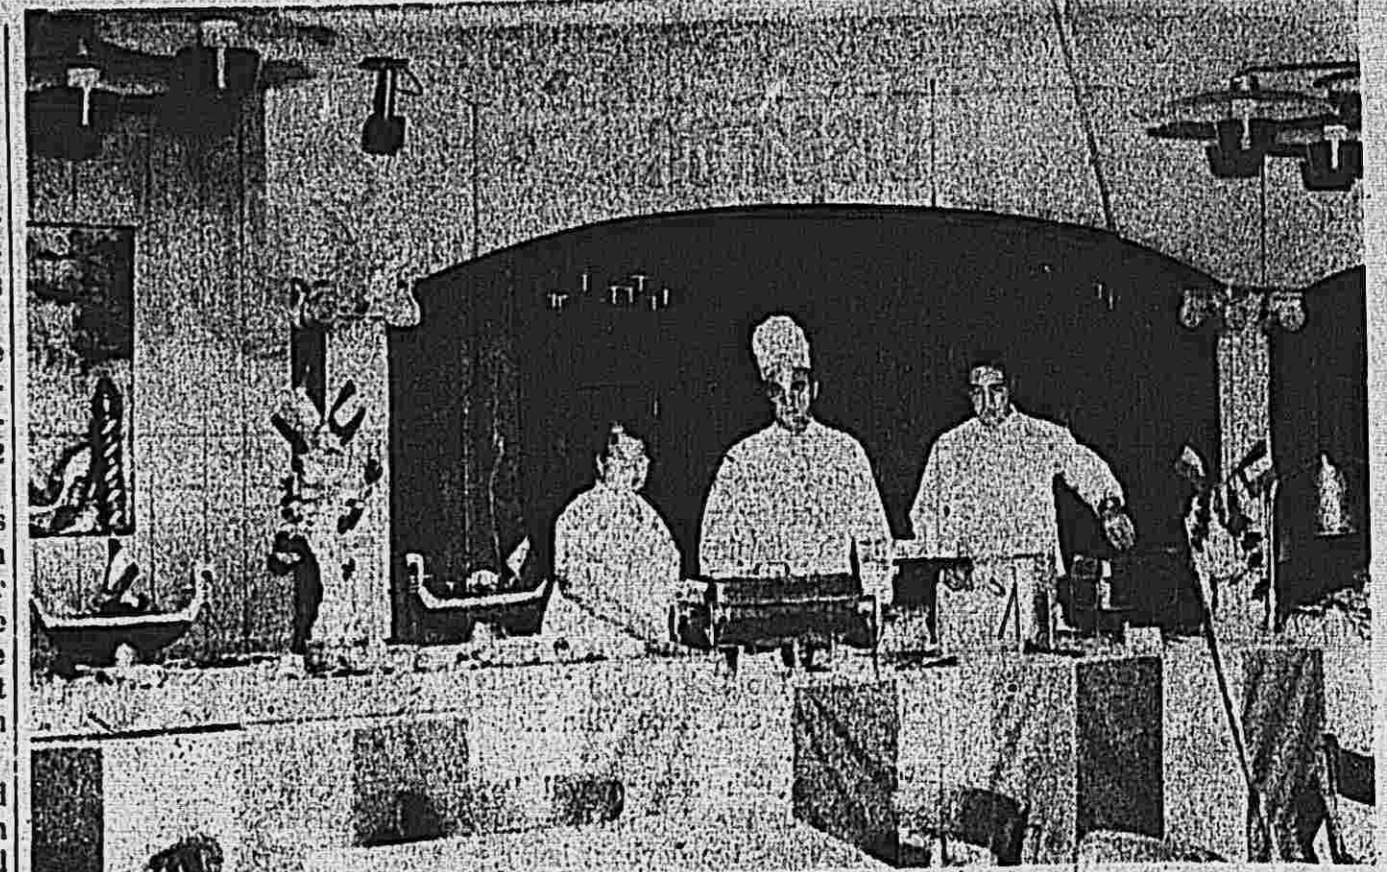

A 10-day basketball clinic, limited to 40 students from feeder schools, has been proposed by Coaches Gary Allen and Roger Andrews.

The participants would be required to pay for the clinic, tentatively set for June 14-25.

A 1971-72 school calendar, planned in conjunction with feeder schools, has been established. A workshop is planned for Aug. 31, and opening day, Sept. 1.

June 8, 1972, is tentatively set as the last day of school.

Contributors Will Get Back Refunds

The contributors to last fall's Illinois anti-pollution bond act campaign have received a pleasant surprise—a refund of the portions of their contributions that weren't spent.

Some 269 refunds, ranging from \$365 to 15 cents, were made by Charles L. Brown, president of Illinois Bell Telephone and chairman of the Illinois Citizens for Clean Water Committee.

The committee campaigned for passage in last November's election of the \$750 million Anti-Pollution Bond Act. The act was approved by more than 66 per cent of the voters.

In a letter accompanying the refund checks, Brown wrote:

"Last summer, you responded to a request for funds to finance the campaign to win approval for the \$750 million Anti-Pollution Bond Act."

"A total of \$145,578.70 was raised. We spent \$134,950.82 for the preparation of advertising and promotional materials, the executive director's fee, the costs of shipping campaign materials throughout the state and other miscellaneous charges such as stationery."

"The enclosed check is your proportionate share of the money we did not spend. Please accept it with our sincere appreciation."

The refunds have produced a flurry of mail to Brown expressing surprise and appreciation.

Here are some typical comments: "It is indeed rewarding to learn that even a small part of my contribution can possibly be returned in this day when the contribution dollar never seems to cover the needs of a program or organization."

"It is hard to believe—but the check seems to be real—that the campaign was successful without having to spend all the funds available. The usual practice is to spend more than the funds and have the campaign fail."

"It is hard to believe that in this day and age one can obtain a return of monies not used."

"This is indeed an unusual development!"

"You should be Chairman of all fund raising campaigns, as I cannot remember that (my) company has ever before received a refund."

"This is the first time in all my life that I have ever received a refund on any contribution. I've made to any cause. It's a nice

feeling!" In making the refunds, Brown gave a status report of the clean water campaign and commented that the task is far from over.

"The 10-year program to clean up the major source of water pollution in Illinois—inadequately treated municipal sewage—will soon get underway," Brown wrote.

"It is planned that the first bonds will go on sale before June 30 and that some \$200 million in bonds will be sold yet this year."

"Illinois voters made their commitment to the fight against water pollution very clear when they approved the bond issue that enables the state to pay 25 per cent of the cost of municipal sewage treatment projects."

"Their approval also made these projects eligible for as much as 55 per cent federal matching funds."

"But it won't do Illinois taxpayers or the Illinois program much good if Congress does not appropriate enough funds."

"The current federal program

which yields Illinois about \$33 million a year falls far short of providing the two-to-one matching funds promised. This program expires in June and, unless Congress appropriates substantially more funds, anti-pollution efforts here and in many other states will be seriously impeded."

4-H Club Busy Past Few Weeks

The Antioch Adventurers 4-H Club has been very busy in the past few weeks. April 12th the club toured the Nestle's Factory, Burlington, and went roller skating in the afternoon.

April 19th brought "Share-the-Fun" time. The club's act, entitled "The Earth Ran Out of Time," was awarded a blue ribbon. The club also sent one Master of Ceremonies, Linda Lagerstrom, who placed second in the finals.

The 4-H's completed their landscaping project at Emmons Grade School on April 24.

This was their community project for the year. In observance of Arbor Day, April 30th, they planted three trees at the school which were donated by Dr. G. W. Jensen. The club also participated in a paper drive sponsored by the Junior Leader 4-H's.

A busy spring—and now they are looking forward to the County Fair in July-August.

A REAL SWEET LADY

Medea—right out of Greek mythology—was an enchantress, daughter of Aetes, a king of Colchis. She helped Jason to win the Golden Fleece, and returned with him to Iolcus, retarding her father's pursuit by strewing the sea with limbs of her younger brother, Absyrtus. She restored Aeson, Jason's old father to youth, and compassed the death of Pelias. When Jason deserted her for Creusa, princess of Corinth, Medea sent her rival a poisoned robe, killed her own children, fired the palace, and departed in a serpent-drawn chariot.

Hell hath no fury like a woman scorned.

CHRISTIAN SCIENCE CHURCHES

"Order my steps in thy word: and let not any iniquity have dominion over me."

These words from Psalms are from the Bible Lesson—Sermon on "Everlasting Punishment" to be heard at Christian Science services Sunday.

"The likeness of God we lose sight of through sin, which beclouds the spiritual sense of Truth; and we realize this likeness only when we subdue sin and prove man's heritage, the liberty of the sons of God," a citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states.

First Church of Christ, Scientist invites the public to attend. The service is held at BEACON HILL, Rte. 173 and Harden, Antioch, Ill., and begins at 11 a.m.

Good intentions never saved a penny.

It takes a commitment to save money. To your family, to the future. And maybe to your country. Good intentions just aren't enough.

That's why the Payroll Savings Plan works so well. It's a way of saying "I'm committed."

And it's almost effortless. All you do is sign up once, where you work. Then the amount you specify is automatically set aside from your check each payday and put into U.S. Savings Bonds. You have automatic saving power.

After all, it's hard to spend money you don't touch.

Oh, you'll touch it someday. For that house, or dream vacation, or for your kids' college education.

And now there's a bonus interest rate on all U. S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years 10 months (4% the first year). That extra ½%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970 . . . with a comparable improvement for all older Bonds.

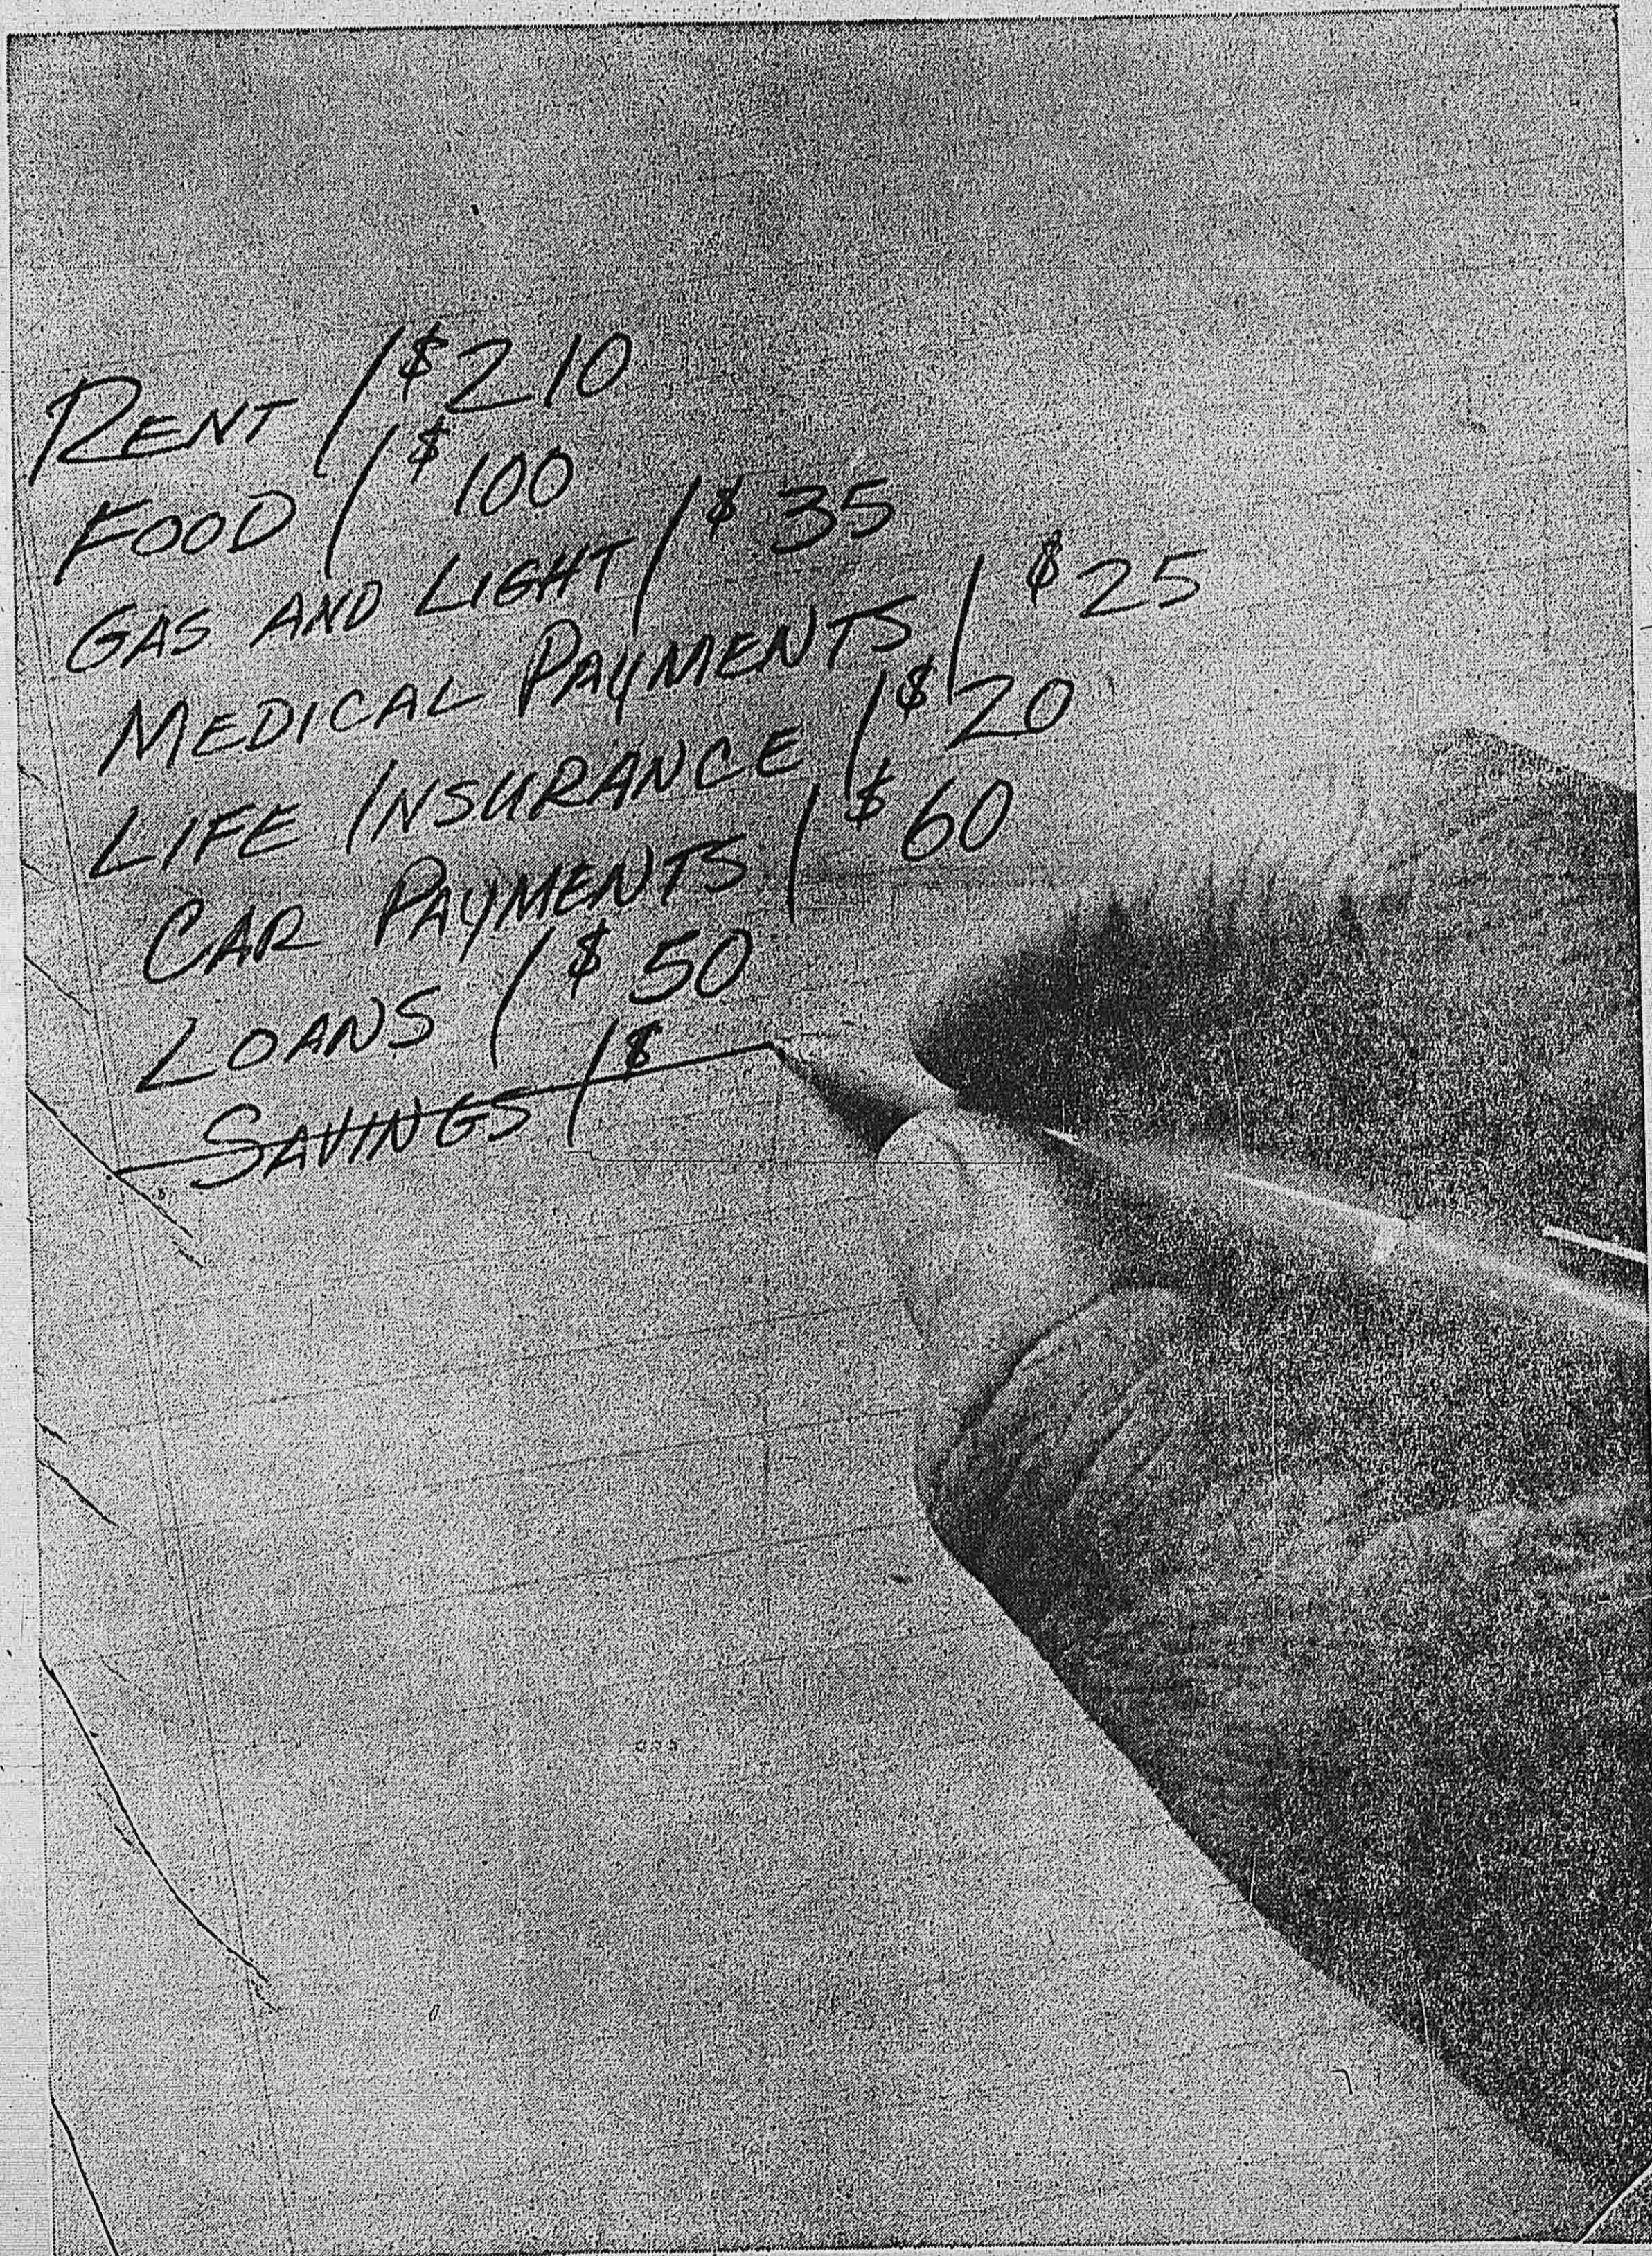

So think it over. The Payroll Savings Plan. It's a small effort, but it's a big commitment. For you and your country.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.
With higher paying U.S. Savings Bonds.
